What Adrienne's clients have to say

Auckland Aug 2026

Fast, efficient and always friendly.

Auckland Jul 2026

I have only recently become involved with this account, which the Association's previous treasurer negotiated. So far, Rothbury's attention to an insurance claim (still awaiting settlement) has been great, thanks.

Auckland Jul 2026

Easy communication, fast response, and always friendly. So far, we've never had to make an insurance claim, and hopefully we never will. But if the time comes, I hope the service will be just as good.

Auckland Jul 2026

Adrienne has been very approachable and easy to discuss matters with. She has been understanding and helpful with all enquiries.

Auckland Jul 2026

Very good, always great to communicate with. Adrienne is very helpful.

Adrienne started in the insurance industry in 2015 and started at Rothbury in 2017 as a commercial broker support and moved into learning and development as a trainer for 5 years. She has recently made the move back to commercial broking! She is personable and trustworthy, so clients can rely on her to make sure their bespoke insurance needs are met. Adrienne is looking forward to building strong relationships and lasting connections with all her clients.

When she's out of the office, Adrienne can be found traveling, boxing and hanging out with her dog. She regularly gets involved with the planning and running of boxing fight nights and also works with the Graeham Dingle foundation project K mentoring program. Adrienne loves Auckland for its close proximity to so many beautiful beaches. A great fact about her is that she worked in French bakeries when she was younger and can make a pretty decent croissant from scratch!
