Caroline has always been fantastic to deal with. Great communicator, quick to provide solutions and answer questions. I highly recommend her.

Carolina joined the insurance industry in 2011 in Buenos Aires Argentina, and joined Rothbury in 2024. She is a great listener, decisive and a problem solver. Carolina prides herself on her adaptability and is always looking to enhance her industry knowledge.

Away from work, Carolina can usually be found spending time at home, playing tennis and enjoying long walks near the lake. She likes to get involved in local charity and sporting events and loves the region for its welcoming people and nature surroundings. Carolina is a self-professed cat person and loves pistachios!
