Chris started in the insurance industry in 2022 after a number of years in fleet management. He joined the Rothbury Employee Benefits team in 2024. Chris prides himself on his communication, presentation and negotiation skills, along with being proficient in relationship management. He strives to build and foster new partnerships with organizations that benefit from our services, resulting in positive outcomes for members.

Away from the office, Chris can usually be found spending time with his family, finding a new hike trail or camping. He is an avid cook and his signature dish is Beef Wellington, although he's always eager to explore new recipes! Chris is a UK native but prefers calling New Zealand 'Home'. He loves the Auckland region for the hospitable people, sprawling beaches and abundant wineries. Chris is a passionate tabletop & board game player and has been a guitarist for many years.
