Dawn has over 30 years' experience in the insurance industry, including 13 years with Rothbury. Her focus is on providing sensible insurance solutions for people that are new to franchise businesses, mainly those with lawn or cleaning franchises. She relishes the challenge of sourcing solutions and problem solving for her clients.

She has an active interest in hiking and mountain biking and also makes use of Auckland's fabulous parks and restaurants. And is more often than not, acting as a door person and maître D to her cat – Possum.
