Elwyn is always a pleasure to deal with. Her communication is top-notch and she is always so helpful even if I have a tonne of questions to ask her.

Elwyn joined the insurance industry in 2004 and also started with Rothbury in 2004. Elwyn uses her extensive knowledge of policy wordings and the insurance market to deliver dependable, friendly advice. She takes pride in helping her diverse range of clients get the best results.

After a busy week, Elwyn likes to relax with her family on their rural property. Conveniently, they're only five minutes from town for the kids' various sports games and Highland dancing.
