janice.haine@rothbury.co.nz

Janice started in the insurance industry and with Rothbury in 2024, coming from a background in accounting. Her key strengths are her love of numbers, attention to detail, great collaboration skills and her focus on client service. Janice is excited to have stepped out of her comfort zone and strives to be a fast learner and grow with Rothbury.

When she's not at work, Janice enjoys playing netball, watching her children's sports games and spending time with her husband, family & friends. She can usually be found mucking around on their small lifestyle block and loves living in a small town for the community atmosphere and the fact that everyone looks out for each other. Piopio is in such close proximity to beaches, lakes and mountains – what more could you need! Janice is currently treasurer of her local Cosmopolitan Club, still plays netball with the Royalans club and is always up for supporting local fundraising events. In the past, she has taught children how to swim through her local

program as she strongly believes every child should have the opportunity to learn how to swim.
