### What Jason's clients have to say

Southern Lakes Apr 2026

We've had a very positive experience working with Jason and the Rothbury team throughout this process. Jason demonstrated a high level of professionalism, technical knowledge, and responsiveness, and took the time to clearly explain the structure, risks, and options available to us. What stood out most was the effort put in behind the scenes to ensure the cover was fit for purpose, competitive, and aligned with how our business actually operates. The communication was clear, timely, and proactive, which gave us confidence in the decisions we were making. Overall, we felt well supported and guided through what can be a complex process, and we look forward to continuing the relationship.

Jason is superb, always on the ball and solutions oriented. Rothbury is a little more expensive than if I go directly to the insurer,
