Rebecca began her insurance career in 2019 and joined Rothbury in 2026 where she is looking forward to the challenge of learning new systems and continuing her professional development. She has experience across commercial, domestic, and rural insurance and brings strong time management, efficiency, and attention to detail to her role. She describes her approach as “head down, bum up, but with a giggle.”

Rebecca holds a Level 5 Qualification in General Insurance Broking and has experience across numerous professions including administration and sales.

Outside of work, Rebecca likes to spend her time with her family, particularly supporting her very busy kids and their sports commitments and is actively involved in their clubs - as an enthusiastic sideline cheerleader! As she puts it, being a parent is a skill she's still working towards being fully qualified in.

She enjoys walking her dog and spending warm summer days camping and boating with friends

at Lake Benmore. She appreciates living in Ashburton for its convenience and close proximity to so many great places located within a couple of hours.
