What Rochelle's clients have to say

Waikato May 2026

I've done two MV claims with Rothburys in the last year, both of which were 'other driver at fault' incidents. I found working through both of these claims with Rochelle to be calm, procedural, and confidence-building as we navigated our way through the pertinent details as they arose. That collaboration proved very useful indeed and ensured two decent outcomes. Rochelle's tenacious handling of the claims pushed through personal sickness, confusion on my part and less than transparent information from the other parties. That's expert level assistance, and street smart real time skill.

Waikato Apr 2026

Rochelle was great, she kept on top of the claim, I never had to chase it and felt safe in the knowledge she was taking care of everything.

Waikato Apr 2026

Rochelle was amazing with this claim. It wasn't straightforward, and Rochelle walked us through it and resolved a bad situation. The extra work she did got us to a resolution.

Waikato Oct 2025

Absolutely excellent from beginning to end.

Rochelle began her insurance career in 1993 and joined Rothbury in 2024. With over 13 years of experience in the industry, including roles as a technical claims specialist, national claims trainer, customer service officer, sales, and project manager, she brings a wealth of knowledge to her role. After a break from the industry between 2007 and now, Rochelle's strong communication skills, empathetic nature, and ability to connect with people make her a skilled claims adviser.

Outside of work, Rochelle enjoys spending time with family, as well as getting creative with painting and photography. She loves Waikato for its natural landscape, local markets, and easy access to everything. Rochelle also has an impressive collection of Lego, so much so she could almost start a Lego museum!
