Excellent service from Tetiana Lebedieva. She is a real asset to Rothbury.

Tetiana relocated to New Zealand from Ukraine in 2011 and began her career in the insurance industry with Rothbury Insurance Brokers in 2017. With a strong mathematical mindset and excellent attention to detail, she is known for her reliability and problem-solving skills. Tetiana enjoys building strong relationships with clients and helping them find practical insurance solutions tailored to their needs.

Outside of work, she loves exploring New Zealand's outdoors with her husband and kids through kayaking, paddleboarding, and tramping adventures. She also enjoys reading good books and practising karate, which helps her maintain both physical and mental discipline.
