“I’m involved with a community group and the savings we were able to achieve through our broker at Rothbury and their Community Support insurance has been an absolute life saver in our current situation.”

Typical Claims Scenarios

A former employee alleged wrongful dismissal against a Non-Profit Entity and lodged an action with the Employment Relations Authority (ERA). This was defended in court in conjunction with the insurer. The ERA found in favour of the former employee, awarding damages and costs against the organisation. With the addition of the \$38,000 in legal costs required to defend the claim, the total costs covered by the policy amounted to close to \$80,000.*

An action was taken against an Entity by two former employees alleging a breach in the organisation’s advertising of employment positions. In conjunction with the insurer, a \$36,000 settlement was negotiated to achieve timely and final resolution of the matter. Legal costs incurred in reaching this resolution amounted to an additional \$3,400.*
